

## Plant a Seed Music School Fee Schedule

### **FEE SCHEDULE**

2020 Music Lesson rates are \$80/hour, \$40/half hour

Traditional Music Lesson Rates are \$70/hour, \$35/half hour

One lesson per week is a typical frequency. More mature and self-motivated students may opt for a bimonthly schedule. Students desiring extra time may opt for a biweekly schedule. Extra time can also be purchased "a la carte" at \$1.50 per minute, by request and as available.

Payments made directly by students/families will be made monthly and are invoiced for the upcoming month at time of the last lesson of the previous month. Payments for the entire month are due at the time of the first lesson of the month. Payments can be made by any of the following methods:

Cash, Check, PayPal, Venmo, Cash App, Zelle

Payments made through Homeschool Organizations follow the structure of that particular organization. Each one is a little different. It is the policy of Plant A Seed Music School that instruction will not begin until all documents approving curriculum and funding are completed.

### **ATTENDANCE AND CANCELLATION POLICY – IMPORTANT!!!!**

Due to high enrollment, rescheduling lessons may be difficult or impossible. As a result, notification must be given a full week in advance of the session. If possible, and if adequate notice was given, the session will be rescheduled. If the lesson cannot be rescheduled, the lesson will be cancelled, and the fee credited.

The good news is that if notification is given with less than a week's notice, the instructor will still conduct the lesson during your allotted time by recording a video covering the subject matter you are working on. The video

will be sent to you electronically. The video may be shorter than the full duration of the session, as the interactive portion of the lesson does not occur and the instructor needs time to consolidate and send the media, but equivalent lesson content is still provided. The fee for the session will be paid in full.

Plant A Seed Music School is committed to an attendance policy that is fair and equitable to clients. Therefore, if the instructor misses a session, not only will the session be made up, but an additional session will be credited to the student's account. The accountability is mutual.
